Instructions for Revamped Credential Card By:line Autograph, Thumb Prints and Face Photo

1- Print this document on clear white paper that is free of any texture
2- Hand write autograph in blue ink Cursive First Middle Last & the other   Place Photo here
   in Proper Case Print (similar to the One Pager 1779 Declaration) with
   copyright symbol ***Keep writing within the gray box as indicated in
   the examples below***
3- For thumb prints, use a Red FELT Ink Pad, and press into the 5 squares
   below***for best results do not over saturate the ink or press the thumb
   down hard, Just press directly & lightly with no rolling*** The circular rings
   and scars need to be clearly visible as shown in example below. Thumbs will
   be rejected if they are over saturated, smudged or blurry.
4- Staple or tape a passport photo in to the box to the right or if you are
    technically savvy insert a scanned image from a PDF/Word editor.
   ***Be sure that the lighting is straight forward so there are no pesky highlights
   or shadows***. Cell phone pictures are acceptable only if taken in the proper
   lighting. Photos are usually rejected due to low resolution/grainy pixels,
   and indirect lighting, so be sure to provide the highest quality photos and
   resolution scans possible.
5- Scan full document on a FLATBED SCANNER at the HIGHEST RESOLUTION
   possible into PDF FORMAT and send to email below. If you are technically challenged please take this to a professional
   graphics/printing service and have them send the file to this email-

   wa-pauljamesbrandl@mail.americanstatenationals.us

   ***Face and Thumb pics (JPG Format Only) can be individually uploaded to the LRO as a member here-
   https://members.americanstatenationals.us/ *** By:line Autograph pics will also be available to upload in the
   near future after coding is complete, please stand by and thanks for your patience***
