All members considered to be in good standing, agree and autograph their commitment to the Participation Agreement– that without this commitment of good faith, we should not be expected to have confidence in your intentions. The Participation Agreement is required to be considered in good standing with the Assembly. Please make sure you have emailed a copy of your autographed and thumbprint sealed form to info@tna.odoo.com

Our newest coordinator Debbie Jo did receive an email with a request to connect, resonate, and was requested to send the GFG affirmations. The email said nothing about training. The GFG to this day has done no training except for GFG's own Recording Secretaries. **Debbie now has direct communication with GFG to help facilitate the transfer of credit and funding when it is ready. Let us know if you would like to coordinate your County. Assembly gatherings - they can be face to face or zoom, or, a combo. **Williamson, Davidson, Blount, Sullivan, Putnam, Shelby, Hamilton** - Any other counties thinking about assembling? There only needs to be 2-3 people in a county to start having meetups.

Any other Assembly Business before switching to new business...?

NEW BUSINESS

Today, we would like to bring forward for discussion what our way forward looks like as a body of committed people to reconstructing our proper government. We have some varying opinions out there. One is that we meet every day of the week and focus on a different pillar each day and another is that we focus on just the GA and get it up and running properly before we move on to other pillars.

New Members Introduction - Welcome! Please speak up at this time and introduce yourself 😊

Is there anyone whom would like to speak up about joining a committee at this time?

ADJOURNMENT

Next GA meeting will be March 4th, 2025 at 7pm CST / 8pm EST

Brief Reminders:

1. All that is necessary to correct your status on the land and soil is the 1779 and 2 Witness Testimony docs, along with the Notices and withdrawal of your voting privileges. It is required that you complete the 928 package and autograph the Assembly participation agreement to hold an office like Chair of a Pillar but Anna recently said that the full 928 package is not necessary to chair a committee under the pillar.
2. **Credential Cards** are getting revamped with added autographs and addresses. Please see the Tennessee website if you want newly updated credential cards. The instructions are downloadable: <https://thetennesseeassembly.org/home/news>

HOW TO GET YOURSELF HEARD

All committees are formed in a General Assembly meeting, where all qualified participants (fully published & NMO complete, domiciled on Tennessee one year and one day, autographed & sealed Participation Agreement) have an equal opportunity to join. Committee sizes will generally be around 5 (not a fixed number) and can grow w/the active number of qualified participants in regular attendance. New members may attend these meetings upon invitation, just not nominate/vote in committee matters. This Assembly is the only recognized Tennessee Assembly with provenance. We are a committee-based organization. It is always open to allow qualified participants to join committees - we require that you have your paperwork done and complete the NMO classes and Knowledge Review first and be willing to covenant with us by signing and sealing your common courtesy Participation Agreement.

There are recommended and necessary committees under each of the 4 Pillars. Each Committee's first order of business is to elect a Chair, Co-Chair and Secretary. If a mission statement has not been created, then that committee should work on summarizing that committee's goals and purpose. That committee should determine how often they should meet and times. The Chair is a facilitator/moderator and not a CEO. We have no power positions. A committee can vote on topics and when it concerns a vote from the GA, the chair or co-chair will report in the GA and ask for a vote in advance as to include it in the GA Agenda. We ask that all committees are formed in the General Assembly and ask for qualified ASN's/ASC's to join. Anna has written that the only Assembly that is similar to the GA as far as how it is facilitated is the International Business Assembly comprised only of ASC's. Committees can be formed in the IBA as only ASC's can seat those committees. Those committees will report in the GA.

Right now we don't have quorums or proxies, whoever shows up (and is qualified) will determine the quorum. Some items will require unanimous vote, and a majority vote is no less than 70% in our Republican form of govt. Please read Anna's article explaining the difference b/t Republic and Republican form of govt as it should be helpful to our naming conventions vs 'theirs'
